

Don't Miss it.....Be a Program Sponsor for this Great Nonprofit Organization and let the world know your company believes in making a difference in your local community!

The Academy of Goal Achievers is a youth leadership mentoring program where we believe in, “developing youth leaders to impact communities, while preparing students for college and/or career.”

The Academy of Goal Achievers is a key solution for the economic mobility crisis we have in the city of Charlotte. Our mission and programs address two of the three determinants identified in the Leading on Opportunity Task Force Report. The two we focus on are College & Career Readiness and Family Safety and Stability. These determinants were identified as key activities that help individuals get out of poverty. We connect our students and parents with mentors and increase their natural support system with individuals from diverse backgrounds with the goal of increasing their social capital.

We serve young adults ages 14-23 through our intensive (Goal Achievers mentoring program) and (Young Adult Transition Program). 100% of our young adults are African American male and females, 88% receive and/or receive free/ reduced lunch. During this current program year, we are projected to serve more than 200 individuals in our programs and projected to serve 350 additional people through our youth led service projects.

Sponsorship funds will help us implement our Mentoring Programs and Cohorts with focus on building soft skills that will enhance an individual personal, professional, health and financial futures.

This program would not be possible without sponsorship and major gifts donors. We are asking for your partnership to assist with continuing to enhance the value of our organization and to provide our students with great services.

I have attached a sponsorship form to be completed. We are asking our sponsors to make a commitment in October or November. Please email your commitment to support via email to info@taogainc.org

Sincerely,

Courtnie Coble McIntosh
